Subject: Ferry Street Property Unilateral Administrative Order

Mr. Ryan:

Attached, please find a Unilateral Administrative Order issued today by the U.S. Environmental Protection Agency pursuant to authority under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). The Order directs your client, Lombard Foods, Inc., to undertake certain actions and pay certain costs with respect to a facility at the former Absorbent Technologies site known as the Ferry Street Property, in Albany, Oregon. Hardcopies of the Order will be delivered to you and your client. However, please confirm that you are authorized to accept service of this Order today on behalf of your client, or inform us otherwise.

Please review the Order carefully and completely. In particular, note the timeframes established by this Order. These timeframes begin 24 hours from now when the Order requires submission of a Request to Confer, if any (Section XVII). Such notice should be directed to me on behalf of EPA. These timeframes are intended to be maximum times allowed, although we hope and expect that work under this Order can begin sooner rather than later next week.

If you have any questions regarding this Order or its requirements, feel free to contact me directly or have your client contact OSC Dan Heister.

Sincerely,

Clifford J. Villa
